HARD TO SETTLE PASS FEATURE OF THE RATE BILL

After Quibbling For Four Hours, Another Conference Is Planned

WASHINGTON, June 25.—The senate today discussed the conference report on the railroad rate bill for more than four hours, but did not dispose of it. It was made evident, however, that another conference will be ordered.

The discussion dealt entirely with the anti-pass and commodity amendments, to both of which objections were made on various grounds.

Spencer expressed the opinion that under the pass provision as reported, senators and members of the house would not be prohibited from accepting passes, while other senators construed that part of the provision as in effect a discrimination in passes that could be made to take the place of rebates.

Tillman and Lodge sharply criticized the change in the commodity amendment so as to prohibit "railroads" and not "common carriers" from engaging in the production of articles to be transported by themselves as well as in the interest of the Standard Oil company. Lafollette secured favorable action

on his resolution extending the inquiry of the interstate commerce commission into the connection between the elevator of the northwest and the railroads. Hopkins took exception to the conference report on the Niagara Falls international agreement bill, in that it does not provide against the treatment of the waters of Lake Michigan as subject to international agreement. The report, however, was agreed to. About 300 private pension bills were passed. The senate held a night session until 9:45 p. m.

A Night Session.

WASHINGTON, June 25.—The senate tonight passed the following bills: Granting a right of way across the United States lighthouse reservation at Pigeon Point, San Mateo county, to the Ocean Shore railway.

Prohibiting Shanghaiing in the United States.

Authorizing the delivery to the Southern Historical Society of unidentified flags of the confederate army now in the possession of the secretary of war.

TWO KILLED BY FIERCE TORNADO SCRAP OVER NEW ALIEN LAW

GUTHRIE, Okla., June 25.—Two killed, extensive orange crops ruined, houses demolished, and a heavy loss of live stock, constitutes the sacrifice demanded by one of the worst general wind storms in years that swept Oklahoma and Indian Territory yesterday afternoon and last night.

Thomas Graham, who lives near Roosevelt, Oklahoma, was struck by lightning and killed instantly. The scorched body of Mrs. Tobin Perry, Oklahoma, was found in a barn during the electrical storm.

In and near Lawton the damage by the wind was unusually heavy. One family left their house and saw the structure sucked up by the whirlwind, and turned over and over. At Snyder the loss is heavy. The wheat did not suffer as much as the corn in the two territories.

WASHINGTON, June 25.—Under the rule of limited debate, all but two sections of the so-called immigration bill were discussed for three hours today by the house and passed without a yeas or nays vote being permitted on any of its paragraphs.

The bill attracted much attention from those representatives having large foreign colonies in their districts, lining up generally against the head tax of \$5, which was defeated, and against the educational test. After a very interesting contest a substitute for the educational test providing that the whole matter be submitted to a commission was adopted by a close vote.

The most important features of the bill were thus eliminated and the bill passed without a division.

At 5:35 p. m. the house took a recess until 8 o'clock to devote three hours to oratory.

SHOT AND KILLED AT THE THEATER

Harry Thaw, A Young Blood, Is Accused Of Murdering Stanford White

NEW YORK, June 25.—Stanford White, a member of the firm of McKim, Meade & White, architects, was killed during the performance at the Madison Square roof garden tonight.

The police say the murderer is Harry Thaw, a member of a well known Pittsburgh family. The murderer was arrested.

The firm of McKim, Meade & White is one of the best known in the country. White is prominent in New York society. Thaw, who, it is alleged, did the killing, achieved considerable notoriety because of differences with his

family on account of his proposed marriage to Evelyn Nesbitt, an actress. The cause leading to the shooting is not known. It is said that Evelyn Nesbitt was in the audience at the time.

Had High Connections.

PITTSBURGH, June 25.—Harry Kendall Thaw is about 36 years old, and the son of the late William Thaw, vice president of the Pennsylvania lines west of Pittsburgh. He was brother of I. Copley Thaw, the Countess of Yarmouth, and Mrs. George Lauder Carnegie, of Cumberland, Florida. His mother sailed for Europe on Saturday.

ANEMONE WINS THE YACHT RACE NICK AND ALICE SUP WITH KAISER

HONOLULU, June 25.—The time of the Anemone, which won the trans-Pacific yacht race from San Pedro to Honolulu was 14 days 20½ seconds. She sailed 2309 miles, and the Lurline about 2400. The Anemone averaged under 165 miles daily. The only incident on the trip occurred June 21, when the spinnaker boom was carried away by a stiff gale.

The Sinclair party was among those who went out to meet the Anemone. Keen interest is evinced in La Paloma's chance to win the second trophy, but it is believed to be small.

QUIET AT PANAMA.

PANAMA, June 25.—The measures adopted by Secretary Arias last night to suppress election disturbances have restored complete tranquility. The American marines did not leave the canal zone. All is quiet throughout the republic.

SUCCEEDS BARNES.

WASHINGTON, D. C., June 25.—M. C. Latta, of Oklahoma, has been appointed assistant secretary to President Roosevelt, vice Benjamin F. Barnes, who is appointed postmaster at Washington, D. C. Latta for several years was the personal stenographer of the President.

PRIZES IN DANCING.

A merry crowd boarded the train Sunday afternoon for Granite Dells, where bathing, boating, and dancing were indulged in throughout the afternoon. Prizes were awarded the successful competitors for Terpsichorean honors as follows: For waltzing, Mrs. J. Wilson and Clarence Clews; for the two-step, Miss Eleanor McMahon and J. L. Zook. The fourth contest of the series will take place Wednesday, July 4, and this will be the last previous to the championship contest, which will be held on the same date.

WORK AT THE MONICA.

Morgan Tillinghast, who is operating the Monica mine, in the Kirkland district, returned yesterday to his home in Philadelphia, after a business visit to his mining camp. The tunnel on the mine is being pushed into the mountain with all possible rapidity by the aid of an air compressor and power drills recently installed there.

KIEL, June 25.—On the invitation of Emperor William, congressman and Mrs. Longworth had tea with him on board the American built yacht Meteor this afternoon. The emperor was attended by Admiral Eisendecker, who visited Washington in 1902 as a member of the suite of Prince Henry of Russia, receiving Mr. and Mrs. Longworth at the gangway.

Mr. Longworth was a guest at the Kiel yacht club dinner tonight, 300 persons being present, including all the high naval officers here.

DEATH OF TALENTED SUPERINTENDENT OF RINCON MINE.

(From Sunday's Daily.)

On the evening of June 17 last G. B. Manson, superintendent of the Rincon Mines company, died at the company's camp about seven miles southeast of Congress Junction. The immediate cause of death was strangulation of the bowels. His remains were shipped to his old home in Massachusetts for interment.

The deceased was a man of brilliant attainments. He was a graduate of the Massachusetts Institute of Technology, and had a number of years' experience in the management and development of mining properties in this territory and Colorado.

In his death the mining world in general and the Rincon Mines company in particular loses a man of splendid attainments who gave every promise of developing into one of the foremost mining engineers of the country.

RECEIVES BAD NEWS.

Monday afternoon William Gammill, the Cortez street business man, received a telegram from Guthrie, Oklahoma, notifying him of the death of his father, Newton Gammill, in that city.

The deceased was a pioneer of Oklahoma, emigrating there from Nebraska many years ago. He was aged about 88 years, and a native of Illinois. Even though advanced in years, up to a short time before his death, he was in good health and spirits, so that his death was partly unexpected.

Left for Yuma.
United States Marshal Ben Daniels

MOB SPIRIT IS NOW UNDER CONTROL FOREST FIRES ARE RAGING SOUTH

ALLENTOWN, Pa., June 25.—The mob spirit, which was rampant in the streets here last night, following the strike of the Lehigh Valley Transit company conductors and motormen, is under control this evening, the reason being the presence of a troop of the state constabulary. The constabulary patrolled the main thoroughfare, keeping everybody moving.

THE WESTERN QUEEN.

New Shaft in a Continuous Body of Ore.

Richard Sumid, the well known miner, came in Saturday afternoon from the camp of the Western Queen Mines company in the Turkey creek district. He states that in a new shaft being sunk on the ground, which is now down to a depth of 45 feet, a continuous body of ore is exposed, which carries high grade values in gold silver, and copper. The district is a busy one, a large number of miners and prospectors being engaged in opening and developing properties there that had lain idle for a number of years until the blowing in of the new smelter at Humboldt took place. The locality is one noted for its production of high grade ores in past years, and is destined to again soon rank among the enterprising districts of the county.

WILL CELEBRATE.

Citizens and residents of Skull valley are making extensive preparations for a fourth of July celebration in which steer-tying, horse racing and other horseback sports will be prominent and interesting features.

left here on Sunday last for Yuma, having in custody Lee Gardner, who was recently sentenced in the United States district court here on the charge of robbing the United States mail of two drafts of a large amount.

EL PASO, June 25.—The third forest fire of the season in the Chiricahua reserve in Arizona is burning, and a big force of rangers is fighting it. A second fire near Clouderoff, N. M., is also raging, and is now within fifteen miles of that summer resort. A big fire is now raging near Magdalena, Sonora, Mexico, and is said to be threatening that city.

ADDITIONAL LOCAL.

(From Tuesday's Daily.)

Here from Simmons.
J. Estees, the Simmons stockman and rancher, is in the city.

Juniper Visitor.
Miss Ida Plummer of Juniper is in the city on a business visit.

Here from Middleton.
H. T. Marchand is in the city from Middleton on a short business visit. To Spend the Summer.

Mrs. O. F. Black came up from Phoenix Saturday to spend the summer with her husband.

In from Camp.
George P. Lynch, a director of the Triangle Mines company, came in late last evening from his mining camp in the McCabe district.

Gave a Lecture.
B. H. Williams, of the Industrial Workers of the World, gave an open air lecture last evening on Montezuma street in front of the Palace hotel.

In from Camp.
Harvey Taylor and George C. Waddell came in yesterday from their mining camp in the Little Copper creek section, about nine miles south of Prescott.

In from Camp.
W. J. Kearney, who is developing a promising mining property in the Mount Union section, came in last evening from his mining camp on a short business visit.

TERRORISTS DO MURDER IN WARSAW ON TRIAL FOR KILLING HOLY ROLLER

WARSAW, June 25.—At 5 o'clock tonight on the outskirts of this city a band of terrorists, armed with revolvers attacked three detectives, killing two and wounding the third.

When the ambulance arrived, doctors tried to assist the wounded detective, when two men approached and fired twice, killing the injured man. The shots attracted the Cossacks and Infantry to the scene, and the soldiers barred the street, firing several volleys at sympathizing workmen, several of whom were wounded.

THE METAL MARKET.

NEW YORK, June 25—
Silver 65.
Copper, lake, 18½ to 19.
Copper, electrolytic, 18½ to 18.62½.
Copper, casting, 18.12½ to 18½.

LIVELY GAME.

Infantry Nine Defeated by a Picked Team.

Owing to the illness of some of the members of the Prescott baseball nine, the game between this team and the Diamond Jo nine was not called on Sunday afternoon last at the home grounds. Instead a nine was formed from the Prescott and Diamond Jo nines, which played a good game with a picked team of the United States Infantry stationed at Fort Whipple. The game which was a lively one from start to finish, was marked by many brilliant plays as well as some errors. At the end of the ninth inning the game stood 10 to 6 in favor of the amalgamated team.

SEATTLE, June 25.—The trial of George Mitchell, the Oregon youth accused of killing Joshua Creffield, a leader of the "Holy Rollers," began in the superior court today. Mitchell's defense is temporary insanity. Many witnesses are summoned from Oregon, where the Mitchell family lives, and where Creffield became notorious on account of his teachings and practices. The work of securing a jury is proceeding slowly. Mitchell accused Creffield of wronging two of his sisters at Corvallis, Oregon.

NEW BANK DIRECTOR.

C. E. Finney on the Board of the Prescott National.

At the regular meeting of the directors of the Prescott National Bank, the vacancy in the directorate caused by the death of John C. Herndon, was filled by the election of Charles E. Finney. A committee was appointed, consisting of R. N. Fredericks, M. Goldwater and Fred Brecht to draft suitable resolutions of respect to their late associate.

Mr. Finney, the new director, is general manager of the Arizona Smelting company, and the stockholders and patrons of the bank are to be congratulated upon the accession to the board of a man who is at the head of one of the largest industrial institutions of northern Arizona, and who has had an extended and successful experience. Mr. Finney's willingness to serve is proof of his confidence in the future of the county and in the stability of its banking interests.
